Neb. Rev. Stat. § 49-14, 101.03(1): Any use of public resources by a public official or public employee which is incidental or de minimis shall not constitute a violation of section 49-14,101.01 or 49-14,101.02.

2. While the University has not defined de minimis use, for purposes of copyright ownership of Traditional Works of Scholarship it does not regard the provision of an employee’s salary, office, usual library resources, usual facilities and equipment, office staff, or personal computers as constituting substantial use of University resources [University Supported Works RP 4.4.1, section 5b]. In other contexts, the University uses the IRS definition of de minimis, which is any property or service the value of which is so small as to make accounting for it unreasonable or administratively impracticable. [26 USC § 132(e)(1)]

3. UNK employees conducting work in support of the University may use University resources within the context of UNK’s statutory mission and Board of Regents guidance [see Scope section on page 1].    c. Offices/Facilities will be maintained in a manner and on a schedule as determined by the Facilities Management and Planning Department. Scheduling/fees must be approved by the Department/Unit and/or the Facilities Management and Planning Department and UNK must be justly compensated for the use of consumable material(s) associated with the activity.

      (1) must be clarified in Department/Unit guidelines.
      (2) must not be for financial gain of faculty or staff.
      (3) must include reimbursement to the University for any use of University resources that is not de minimus.
      (4) Note: [RP-3.4.5] Specific approval of the Board is required before any members of the full-time professional staff:
