TE 188 Leadership for Today & Tomorrow
Prereq: First year freshman standing or sophomore standing only.
Effective leaders are needed in our communities, businesses, and schools, as well as in our
government agencies and our social institutions if our democratic society is to meet the
economic and social challenges generated from a constantly changing world. Our communities,
our society, and our world continue to change over time; consequently, the demands associated
with leadership will continue to change as well. Accordingly, the preparation of leaders should
focus on the development of a broadly applicable base of knowledge and skills for those serving
in a variety of roles. Leaders can, and should, be recognized in all walks of life and in all levels
of organizations and institutions. This class is designed to assist students in developing the
knowledge and skills that will enable them to provide the leadership our communities,
businesses, schools, and government agencies and social institutions need and deserve not
just now, but also in the future.
