Welcome to the University of Nebraska at Kearney’s Dual Enrollment Program. This handbook provides a summary of the information available on the Dual Enrollment website. For your convenience, the handbook can be printed.

**Dual Enrollment Program**

The Dual Enrollment Program through the University of Nebraska at Kearney provides an opportunity for high school students to obtain college credit for approximately one-third of the cost of actual tuition and fees while attending high school. Classes will be taught at the high school by a high school instructor approved by UNK. The credit earned is applied toward high school credit and college credit at UNK. The grades earned in Dual Enrollment courses may be the first college grades a student will receive. These grades become a permanent part of the student’s college academic record no matter what institution the student decides to attend after high school graduation.

**Cost**

Students participating in the Dual Enrollment Program for the first time must complete an application for admission and pay a one-time $45 application fee payable to UNK Admissions. The Dual Enrollment fee is $75.00 per credit hour plus applicable course fees (Based on 2018-2019 rate and subject to change). Some classes will carry additional course fees that are charged in addition to the Dual Enrollment fee. Fees are subject to change. The appropriate fees will be charged to the student’s account upon enrollment. It is the student’s responsibility to share billing information with parents. Fees are due the 5th week of the semester.
Student Responsibilities

The student’s responsibilities are to:

Review and understand the information provided in the UNK Dual Enrollment Student Handbook and on the UNK Dual Enrollment website.

Know the application, registration, drop and withdrawal deadlines for the UNK Dual Enrollment Program. It is the student’s responsibility to meet these deadlines.

Complete the UNK application for admission as a first time Dual Enrollment student. The application is located at www.unk.edu/admissions/apply.php. The application fee must be paid at this time. An admission representative will visit your high school to assist you with the application. Contact your school counselor for the specific date the admission representative is scheduled to visit your school. Returning students will not fill out an admission application but must meet with the admissions representative.

Once the student has completed the application for admission, the student must submit a request for registration with parental consent. The UNK Admissions office will assist with the registration request. The UNK Registrar’s Office will enroll students in the college class(es) at which time, tuition and fees will be charged to the student’s account. The student is responsible for sharing billing information with parents.

Access MyBLUE - The interactive web interface that contains the official student information for all UNK students is called MyBLUE. The system allows students to obtain information on registration, grades, class schedules, billing, payment options, account balances, transcripts and financial aid. All admitted students have access to MyBLUE and are required to log in to view student information and final grades with the NU ID number assigned at the time of admission and a password that is created by the student. To access MyBLUE go to http://myblue.unk.edu. For assistance logging in, contact the UNK Technology Help Desk at 308-856-8363 or email unkhelpdesk@unk.edu.

Maintain complete and accurate student information including keeping track of your NUID and password. You can update your information in MyBLUE at http://myblue.unk.edu.

Access LOPER email - Once enrolled in classes, a student email account will be set up on the UNK email system in an overnight process. This is the student’s LoperMail account. It is the sole source of communication between students and the university and should be accessed regularly. MyBLUE e-bill notifications will be sent to the student’s LoperMail account. To set up LoperMail, contact the UNK Technology Help Desk at 308-865-8363 or email unkhelpdesk@unk.edu.

You are responsible for formally withdrawing from the college class if you do not want the UNK credit. Your parent, guardian, high school instructor or high school counselor cannot request the withdrawal on your behalf. A student failing to complete all course requirements and failing to officially withdraw from a class by the established deadline will receive a grade of F.

It is your responsibility to ensure the accuracy of the final grade on your academic transcript by accessing final grades on MyBLUE immediately following the conclusion of your course.
Family Educational Rights and Privacy Act (FERPA)  
And Families of Dual Enrollment Students

Postsecondary Records

Students who are enrolled in courses at both a high school and a postsecondary institution provide a unique situation. While the rights under FERPA belong to the parents with respect to high school records, these rights belong to the student with respect to the postsecondary records. The student can give express written permission to the parent to access his/her education record by contacting the Office of Student Records (Registrar’s Office). Please note that there are separate release forms for each individual office. Students also have the ability to grant Guest Access under Profile in MyBLUE to allow a parent or guardian access to education records. UNK strongly encourages parents of Dual Enrollment students to respect the student’s ownership of his or her education record at the college level and seek ways to gain information while safeguarding the student’s rights and responsibility.

If you have questions, please contact:
Office of Student Records (Registrar’s Office)
Founders Hall - UNK
308-865-8527
unkregistrar@unk.edu

The complete FERPA policy can be reviewed below.

Family Educational Rights and Privacy Act (FERPA)
Student education records are official and confidential documents protected by one of the nation's strongest privacy protection laws, the Family Educational Rights and Privacy Act (FERPA). Educational records, as defined by FERPA, include all records that schools or education agencies maintain about students. FERPA affords students certain rights with respect to their educational records. These rights include:

1. The right to inspect and review their records. Students should contact the Office of the Registrar to determine the location of appropriate records and the procedure for reviewing such records.

2. The right to request that records believed to be inaccurate or misleading be amended. The request should be submitted in writing to the University office responsible for maintaining the record. If the request for change is denied, the student has a right to a hearing on the issue.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records. Generally, the University must have written permission from the student before releasing any information from the student's record. FERPA does however authorize disclosure without consent in certain situations. For example, disclosure without consent can be made to school officials with a legitimate educational interest in the record.

A school official is a person employed by UNK in an administrative, supervisory, academic, research or support staff position; a person or company with whom UNK has contracted, such as National Student Clearinghouse or Constant Contact; a person serving on the Board of Regents; a student serving on an official committee (such as grievance or disciplinary committee) or assisting another school official in performing his/her tasks. A school official has a legitimate educational interest if he/she must review the educational record in order to fulfill his/her official responsibilities.
As of January 3, 2012, the U.S. Department of Education’s FERPA regulations expand the circumstances under which education records and personally identifiable information (PII) contained in such records— including Social Security Number, grades, or other private information—may be accessed without student consent. The U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities (“Federal and State Authorities”) may allow access to education records and private information without consent to any third party designated by a Federal or State Authority for the purpose of evaluating federal- or state- support education programs. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Also, Federal and State Authorities may allow access to student education records and PII without specific consent to researchers performing certain types of studies, in certain cases even when the university objects to or does not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive PII, but the Authorities need not maintain direct control over such entities. In connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without student consent PII from education records, and they may track student participation in education and other programs by linking such PII to personal information that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

Upon request, UNK will disclose education records without consent to officials of another school in which the student seeks or intends to enroll. UNK may also disclose "directory" information without the student’s prior consent. Directory information has been defined as:

- Student Name
- Address
- Telephone number
- Major field of study
- Participation in officially recognized activities and sports
- Dates of attendance
- Degrees and awards received
- Most recent previous education institution or agency attended
- Current enrollment status

Students have the right to prevent directory information from being released. In order to maintain directory information as confidential, a student must sign a Request to Prevent Disclosure of Directory Information at the Office of the Registrar by the end of the first week of the semester/summer term. Directory information will be flagged as restricted until the student notifies the Registrar’s Office in writing that the restriction should be lifted.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by UNK to comply with the requirements of FERPA.

For additional information or to review the complete text of the UNK FERPA policy, contact the Office of the Registrar, Founders Hall (308) 865-8527.
UNK Dual Enrollment

Admission and Registration

Gathering Information and Selecting Courses

Classes offered as dual credit through UNK are listed on the UNK Dual Enrollment website. Select **Cost and Courses** from the menu to review a list of courses and access a course description from the UNK Undergraduate Catalog. Discuss your course selection with your parent or guardian and high school counselor. Once you decide which course(s) you wish to take for college credit, it is important to determine how the course will transfer to the university or college you are planning to attend after high school. Acceptance of dual enrollment credit is subject to specific institutional policy for transfer credit so it is recommended that you contact that institution before you register.

5 Important questions to ask colleges regarding dual enrollment credit:

1. Does this institution accept Dual Enrollment credit?
2. If yes, what course (course number and name) would I receive credit for and how would it apply to completion of my degree requirements?
3. If no, what score is needed on an AP exam to receive credit and what course would I receive credit for and how would the AP credit apply to completion of my degree requirements? Check with your high school to see if an AP exam is available for the high school course you are taking.
4. Will I be considered a freshman regardless of the number of credits I bring in? (Make sure you would still be eligible for all freshman scholarships).
5. How do the credits I bring to this institution affect the terms and amount of any scholarships I might receive?

Students who plan to attend UNK and need information on tuition assistance, may contact the Office of Financial Aid at 308-865-8520. For information on how Dual Enrollment credit will apply toward UNK degree requirements, contact the Office of Student Records and Registration at 308-865-8527.

Admission

Students who are participating in the Dual Enrollment Program for the first time must apply for admission. An admissions representative from UNK will visit your high school to assist students with admission to UNK and the registration process. Please check with the high school dual credit instructor or the high school counselor for the exact date and time the representative will be present.

In order to complete the admission process, students must bring the following items on the date the UNK representative is present:

1. **$45.00 application fee.** This is a non-refundable fee. This is a one-time fee if the student decides to attend UNK within a two year time frame.
2. **Social Security number.** The social security card is not required. However, students must know their social security number in order to apply for admission.

If a student has previously taken classes at UNK, the student will not apply for admission but must meet with the admission representative and submit a request for registration with parental approval.
UNK Dual Enrollment

Registration

Once you submit your application for admission, you are eligible to request registration. The UNK admission representative will assist you with this process. The student must submit a request for registration with parental consent. The UNK Registrar’s Office will enroll students in the college class(es).

Non-Payment

Holds

All students with outstanding balances after the due date will have holds placed on their accounts. This hold will prevent registration for future semesters and receipt of transcripts.
Federal Financial Aid is not available to students who are taking college credit while attending high school. Contact your school counselor for information on scholarship or financial aid opportunities for high school students participating in Dual Enrollment courses.

Authorized by the Nebraska Legislature in 2007, the Access College Early (ACE) Scholarship Program pays tuition and mandatory fees for qualified, low-income high school students to enroll in college courses from Nebraska colleges or universities, either through dual-enrollment or early enrollment agreements with these institutions. High school students may apply for funding under this program by completing the ACE Student Application, which is reviewed by the Coordinating Commission for Postsecondary Education for award.

To qualify for the scholarship, the student or student's family must be approved to participate in one of the federal need-based government programs listed below, have experienced an extreme hardship that affects family income, or be participating in a designated Career Education program as established by the Nebraska Department of Education.

- Free or Reduced Price Lunch Program
- Supplemental Security Income
- Temporary Assistance to Needy Families (TANF)
- Supplemental Nutrition Assistance Program (SNAP)
- Special Supplemental Assistance Program (WIC)

The student must provide documentation verifying approval to participate in the program or of the hardship.

Students that do not have legal status in the United States, including those that have been granted DACA status, are not eligible to apply for the ACE Scholarship based on state law.

Transferring Dual Enrollment Credit

UNK credit hours may be transferred to other colleges and universities and may apply toward degree requirements or elective credit. However, UNK does not guarantee course recognition on behalf of another university. Students are advised to plan ahead and contact each university or college the student may be planning to attend to determine specific institutional policy regarding dual enrollment credit before registering. The University of Nebraska at Kearney is fully accredited by the North Central Association of Colleges and Schools and generally, course credits are accepted by other member colleges and universities accredited by this agency. Some universities may have a general statement on their website regarding transfer of credit.

Typically, only official sealed transcripts from each college/university previously attended will be accepted for awarding transfer credit.

TRANSCRIPTS ARE NOT ISSUED UNTIL ALL OUTSTANDING ACCOUNTS WITH THE UNIVERSITY OF NEBRASKA AT KEARNEY ARE PAID.

Typically, transcripts requested in a paper format are processed within three day. At the close of a semester (December, May and July) more time will be required. During peak times, please allow up to 2-4 weeks for processing.

Transcripts requested in an electronic format are typically sent the same day as requested.

3 options are available for requesting a paper Transcript.

1. Send a signed request to the Registrar's Office via mail or fax.
2. Send a signed request that is scanned into an email as an attachment.
3. Log on to myblue.nebraska.edu and submit a request (requires NUID and password)

The Transcript Request Form for mail, fax or email attachment is included in this handbook. The form must be filled out in its entirety in order to receive a transcript. There is no fee for requesting a paper transcript.

Transcripts cannot be faxed. Students needing a transcript immediately are advised to request an electronic transcript.

To request an electronic transcript, log on to myblue.nebraska.edu and submit a request to receive an electronic transcript. There is a $5.00 fee for an electronic transcript.

ACADEMIC INTEGRITY

The maintenance of academic honesty and integrity is a vital concern of the University community. Any student found in violation of the standards of academic integrity may be subject to both academic and disciplinary sanctions. Academic dishonesty includes, but is not limited to, the following:

1. Cheating: Copying or attempting to copy from an academic test or examination of another student; using or attempting to use unauthorized materials, information, notes, study aids or other devices for an academic test, examination or exercise; engaging or attempting to engage the assistance of another individual in misrepresenting the academic performance of a student; or communicating information in an unauthorized manner to another person for an academic test, examination or exercise.

2. Fabrication and falsification: Falsifying or fabricating any information or citation in any academic exercise, work, speech, test or examination. Falsification is the alteration of information, while fabrication is the invention or counterfeiting of information.

3. Plagiarism: Presenting the work of another as one's own (i.e., without proper acknowledgment of the source) and submitting examinations, theses, reports, speeches, drawings, laboratory notes or other academic work in whole or in part as one's own when such work has been prepared by another person or copied from another person.

4. Abuse of academic materials and/or equipment: Destroying, defacing, stealing, or making inaccessible library or other academic resource material.

5. Complicity in academic dishonesty: Helping or attempting to help another student to commit an act of academic dishonesty.

6. Falsifying grade reports: Changing or destroying grades, scores or markings on an examination or in an instructor's records.

7. Misrepresentation to avoid academic work: Misrepresentation by fabricating an otherwise justifiable excuse such as illness, injury, accident, etc., in order to avoid or delay timely submission of academic work or to avoid or delay the taking of a test or examination.

8. Other Acts of Academic Dishonesty: Academic units and members of the faculty may prescribe and give students prior written notice of additional standards of conduct for academic honesty in a particular course, and violation of any such standard shall constitute the Code.

Under Section 2.9 of the Bylaws of the Board of Regents of the University of Nebraska, the respective colleges of the University have responsibility for addressing student conduct solely affecting the college. Just as the task of inculcating values of academic honesty resides with the faculty, the college faculty are entrusted with the discretionary authority to decide how incidents of academic dishonesty are to be resolved.
