AVIATION SYSTEMS MANAGEMENT
- A regionally respected aviation program for over 23 years
- State of the art flight simulation
- Accessible faculty with extensive “real world” aviation experience
- Industry-based Aviation Advisory Council
- Faculty focused on your professional development
- Technologically advanced classrooms and computer labs
- Aviation employment and career networking opportunities
- ATMAE accredited

FLIGHT OPERATIONS EMPHASIS
- Launch your career as a professional pilot
- Gain the practical, technical, and academic experience to prepare you for an exciting and challenging flight deck career.

AVIATION SUPPORT SERVICES EMPHASIS
- Gain the education and knowledge needed to secure challenging management positions in the aerospace industry.

Education is to learn, to think, reason, and consider.

A bachelor’s degree in Aviation Systems Management has distinct advantages over simply obtaining flight certifications:
- You develop a competitive advantage when seeking career opportunities.
- As a UNK graduate, you enjoy life long benefits of a higher education.

WHY CHOOSE UNK?
- Small class sizes, personal service and attention from the faculty and staff
- Well equipped airport providing a superior training environment
- A well maintained fleet of training aircraft, economically priced and sized to provide flexible scheduling
- Ample opportunities to develop a feeling of belonging to the UNK aviation and campus community
- “Real World” experiences contribute to learning and networking opportunities
- Financial aid and scholarships are available through campus and private sector sources

WHAT OUR GRADUATES SAY
“We’ve found that UNK has one of the most affordable university aviation programs in the country.”

“I enjoy learning from professors who know me by my name.”

“The internships are great for making networking contacts.”

According to FAA forecasts 120,000 new pilots will be needed in the USA through 2012
Supply Sources:
Military 8,358
University Graduates 45,732
Flight Schools 33,960
Furloughed Pilots 2,000
Total Supply 90,050
Demand exceeds supply – clearly your opportunity for success!!
