Gain real world experience while traveling with friends!

Enactus—Empowering Entrepreneurship
**Our Mission:** Enactus is an international organization that connects student, academic and business leaders through entrepreneurial-based projects that empower people to transform opportunities into real, sustainable progress for themselves and their communities.

**Why We Love ENACTUS!**

“The great experience that you get with business professionals and the real world advice they give you.” - Paul

“Being able to impact people in a positive way and network with several people.” - Kayla

**WHAT WE DO**

Develop community and educational outreach projects that help to improve the quality of life and standard of living to a variety of audiences.

Deliver an annual report presentation of the projects completed throughout the year at a regional competition in the spring which is judged by leaders from its business community.

PROJECTS COMPLETED BY ENACTUS

NEW VENTURE ADVENTURE
A full-day event for 130 high school students from 10-12 area schools. The students learn about entrepreneurship by creating their own business, making business cards, creating a jingle to advertise their business, meeting with real bankers to obtain a "loan", and meeting with actual realtors to "purchase land."

RURAL GROCERY STORE REVITALIZATION PROJECT
In 2010, our team helped the Sandhills community of Cody, Nebraska start a new grocery store. The team spent several months training the local high school students and village leaders to develop a business plan that will improve their chances for success and return a key service to a town where residents currently drive over 40 miles to buy food!

FINANCIAL LITERACY
The concept for this project was to empower our fellow students about the financial planning needed in the decision to live on or off campus. It has grown to our team providing financial literacy workshops and interview readiness programs for the CrossRoads Mission in Kearney.

SUSTAINABILITY
We partnered with RHA, and UNK Sustainability to create a marketing plan to improve recycling and other sustainable efforts on campus. We have effectively increased recycling on campus from 9% to 35%.

BREWED AWAKENING
After 4 years of hard work and preparation, we opened the very first student run coffee shop on campus. Located in the Health and Sports Center our team is learning the ins and outs of running a small business.
ENACTUS is open to all majors. We have a variety of ways for students to develop skills and abilities that are valuable in any profession!
