Application deadlines for graduate non-degree seeking students is one week prior to term beginning.

International: For F-1 students enrolled in classes for credit or classroom hours, no more than the equivalent of one class or three credits per session, term, semester, trimester, or quarter may be counted toward the full course of study requirement if the class is taken online or through distance education and does not require the student’s physical attendance for classes, examination or other purposes integral to completion of the class. An online or distance education course is a course that is offered principally through the use of television, audio, or computer transmission including open broadcast, closed circuit, cable, microwave, or satellite, audio conferencing, or computer conferencing. If the F-1 student’s course of study is in a language study program, no online or distance education classes may be considered to count toward a student’s full course of study requirement.

Non-U.S. citizens outside the U.S. are not held to this regulation and can enroll in more than 3 credit hours of online classes.

Academic & Career Services

All undergraduate students are required to contact their academic advisors every semester prior to Early Registration. MyBLUE will NOT allow students to register for classes until they visit with their undergraduate advisor. The advisor will release an advising flag on MyBLUE once the advising session is complete. All undergraduate students, regardless of classification, should contact an academic advisor to discuss course prerequisites, course offerings and their specific degree requirements prior to registration. If you do not contact your advisor, you will not be able to register during Early Registration.

A student who has not decided on a specific academic major or endorsement should contact the Academic & Career Services at 308-865-8501 or email careerserv@unk.edu for assistance.

**Videoconference Courses**

Through Video Services, UNK offers video courses in two formats. The Video on Demand courses are similar to online courses in that students may watch videos when it is convenient for them. Live Video or live stream courses are synchronous so students must watch the class at the time it is being offered in real time. Many of the courses use both technologies where the student has choice of either watching the course live or at a later time. To make arrangements, contact Heather at rhineharthj@unk.edu or call 308-865-8927.
