Responsibilities of a chiropractor

- Assesses a patient’s medical condition by reviewing his or her medical history, listening to the patient’s concerns and performing a physical examination.
- Analyzes the patient’s posture and spine.
- Provides musculoskeletal therapy, which involves adjusting a patient’s spinal column and other joints by hand.
- Conducts diagnostic tests, including X-rays.
- Provides additional treatments, such as applying heat or cold to a patient’s injured areas.
- Advises patients on health and lifestyle issues, such as exercise and sleep habits.
- Refers patients to other medical specialists if needed.

Advantages for health science students at UNK

- Smaller class size
- Low student-to-faculty ratio
- Laboratory experiences
- Opportunities for student research
- Strong science preparation
- Academic advising
- Mentoring
- Contact with local professionals
- Application process assistance
- Shadowing programs
- Health Science Club
- Health Careers Fair

Benefits of health careers

- Secure and meaningful employment
- Opportunities for advancement
- Variety of jobs in different settings
- Chance to help people in need

STUDENT PROFILE
Grace Woeppel
Major: biology with a health emphasis
Minor: public health
Pre-chiropractic requirements
Hometown: Firth, Neb.
Graduation: spring 2015

“When I first visited UNK, I knew this was the place that I belonged and the place to continue my education,” Grace Woeppel said. Woeppel is majoring in biology with a health science emphasis and minoring in public health. She is also completing the requirements for the pre-chiropractic program.

“I chose chiropractic because I want to help people, but not with traditional medicine,” Woeppel said. “The advisers in the health science department are more than willing to assist or give advice when needed. Liz Stout is my adviser and any time I have ever needed help or had any questions, she has always been willing to do her best to help.”

Health Science Club
Members in Health Science Club would love to have you join!
- Be sure to check your LoperMail for the weekly edition of the Health Science Weekly newsletter that will include information on upcoming activities.
- Interested students can also Like UNK Health Sciences on Facebook to learn more about the organization.

Did you know?
More than 700 students are enrolled in Health Science programs at UNK.
That means, one of 10 Loper students are interested in health-related careers.
UNK has an excellent record helping health science students gain acceptance into professional schools or clinical programs.
For more than a decade, the overall acceptance rate of UNK students into various health programs has been approximately 70 percent.
Job shadowing leads to employment according to the U.S. Department of Labor.
Not only will you benefit from the on-the-job training and gain insight into a particular career, industry, or company, but you will also be mentored.
