We ask that attendees arrive and complete registration/check-in between 8:15 am and 8:50 am. The event begins promptly at 9:00 am with an opening session. Over 40+ representatives from various healthcare professions will be sponsoring tables at the Career Exploration Fair. A campus tour will be available at the conclusion of the day. For more information regarding the day please visit our website (www.unk.edu/healthcareersfair).

Lunch IS NOT included as part of the Health Careers Fair. However, lunch vouchers for The Market, located in the Nebraskan Student Union, will be available to students to purchase at a reduced price ($7.25) if the students are interested in having lunch on campus following the Fair. (For school groups who need to bill the district, please contact Sarah Jones in advance).

The healthcare field is one of the largest growing career fields today and UNK offers over 20 different options for pre-professional training for a career in healthcare. The healthcare industry is growing by leaps and bounds with new career opportunities and advancements in the traditional professions. The UNK Health Careers Fair provides students with the opportunity to gather information and learn more about healthcare professions.

Please feel free to distribute any information found in this email or on our website to anyone who may be interested in the Fair.

Pre-registration is required and will expedite the check-in process the day of the Fair!
