eCampus Faculty Senate Advisory Committee  
November 6, 2007

**Present:** Patricia Cruzeiro, Scott Fredrickson, Paul Smith, Kathryn Zuckweiler, Carol Lomicky, Gloria Vavricka, Steve McGahan

**Absent:** Wyatt Hoback, Mary Daake, Sheryl Heidenreich, Trecia Markes

Minutes from October 25 meeting were approved.

The Faculty Senate charge for the eCampus Advisory Committee is to investigate ways to increase the student online evaluation participation. Gloria will check with Jeanne Butler or invite her to come to one of the meetings for more information about this. There was discussion amongst the group as to how each college handles their student online evaluation process. The process was originally setup that each college’s computer support technologist would automatically administer the student online evaluation instrument. However, in discussing this, it was determined that this may not happen with all the colleges.

Gloria handed out an enrollment chart covering Fall 2001 thru Fall 2007 showing the change between face-to-face and distance delivery. For Fall 2007, 99% of the total eCampus enrollment is by distance.

Effective August 2007, the Video Services unit (Wayne Fuller, Tim Bartling, and Judy Holoubeck) is now under the eCampus operation.

Accreditation Report – NCA will make their next visit to the UNK campus in Spring 2008. When they were last here in 2004, approval was given to the existing eCampus distance programs, but any new programs developed would need NCA approval at their next visit, Spring 2008. It was noted in the NCA report that eCampus needed to address three areas of concern: staffing, funding and student support services. eCampus is working to facilitate all of these challenges.

Announcements – 24/7/365 student tech support will begin on the UNK campus, November 6. eCampus will open a new computer lab in CMCT/Room 243 beginning in January 2008. It is designed to do training for faculty teaching online courses, a test-proctored site for students taking online tests, and a multimedia development center for faculty setting up their online course content.

The next meeting will be Tuesday, December 4 at 10:30 a.m. in CMCT/Room 218.

Respectfully submitted,

Julie Saalfeld
