Making a Course Available or Unavailable in Blackboard

A course must be made available before students enrolled in the course will be able to view or access the course and its content. However, you may wish to leave a course unavailable during the building process, or make it unavailable after a scheduled course has finished.

**How to Make a Course Available**

1. On the Control Panel, expand the Customization section and select Properties.
2. In the Set Availability section, click Yes to make the course available to users.
3. In the Set Course Duration section, do not change anything.
