Firefly does not work with Firefox 4 & Internet Explorer 9

Mozilla Firefox

If you are using Firefox to access Firefly and SAP, do not upgrade to Firefox 4. Currently, Firefox 4 is not compatible with firefly and SAP.

As soon as, Firefox 4 is certified to work with Firefly the Computing Services Network (CSN) will announce the full support.

If you already upgraded to Firefox 4, you may contact The CSN Help Desk at (402)472-7373 or (877)472-7684 for help.

Internet Explorer

The Internet Explorer 8 is the officially supported version for Firefly. However, when you try to launch Firefly using Internet Explorer 9, you will receive an error message.

To correct this problem please follow the subsequent instructions:

Tools > Compatibility View Settings > Type nebraska.edu in the Add this Website box > Add > Close.
