1. Right mouse click the email that you want to create a rule for > *Rules* > *Create Rules*...

2. In the *Create Rule* dialog box, create your rule and what you want to do when the criteria is met.
   a. In the *When I get e-mail with all of the selected conditions* section, you need to create your rules. You can select any combination of the three rules. In this example I selected the emails from Evernote team.
   b. In the *Do the following* section, you must select what you want to do when the above condition is true. In this example, I selected to move the email to a folder and also, play a sound.
   c. Click the *OK* button.
