If you receive an unsolicited Spam message on your cell phone, report it with these procedures.

1. Forward the suspected spam text message to 7726
2. Once received you will get a response asking for the “From” address
3. Reply to that message with the “From” address of the unwanted message
4. You will receive a “Thank you” notification.

There are no charges for messages sent to or from 7726, and most major carriers participate in this program including Verizon, AT&T, Sprint and T-Mobile.
