2. How do I receive my scholarship funds?
Once you officially accept the scholarship, the Foundation informs the Financial Aid Office at your institution. The scholarship will be disbursed by the Financial Aid Office at the beginning of each term (semester or quarter). If you have questions about how the scholarship will be applied to your account, you will need to contact the Financial Aid Office at your institution.

3. When does my scholarship start? How do I renew the scholarship each year?
Your scholarship begins the fall term of your award year. The scholarship will automatically renew each term for up to five years at a four-year college, or three years at a two-year college, as long as you continue to meet the scholarship requirements or until you graduate or obtain your bachelor’s degree, whichever comes first.

4. What GPA is required to maintain my scholarship?
You need to maintain a cumulative GPA of at least 2.0 each term. Failure to meet this requirement results in a probationary period. Two consecutive or three total terms of probation results in the loss of your scholarship.

5. How many credit hours are required each term?
You must maintain at least 9 credits per term, earn at least one credit hour each term, and earn at least 18 credit hours or 27 quarter hours in each calendar year. Failure to meet these requirements will result in a probationary period. Two consecutive or three total terms of probation may result in the loss of the scholarship.
6. **What if I add classes after my scholarship has been paid?**
   The costs of these classes are your responsibility. If classes are added between the early registration period and the first week of classes for fall or spring, or the first day of summer session, scholarship funds will pay the additional tuition/fees up to the maximum scholarship amount.

7. **What happens if I drop classes?**
   You must maintain at least 9 credits per term, earn at least one credit hour each term, and you must earn at least 18 credit hours or 27 quarter hours in each calendar year. Failure to meet these requirements will result in a probationary period. Two consecutive or three total terms of probation will result in the loss of your scholarship.

8. **Does my scholarship cover summer courses?**
   Yes. The summer term is funded the same as the fall or spring terms, and students are funded based on the number of credits enrolled (see award chart). NOTE: If you receive federal financial aid during the summer, it is your responsibility to contact the financial aid office regarding requirements and when funds will be disbursed to your student account.

9. **If I take summer courses, does it count as a term?**
   The Foundation gives the summer term the same weight as any other term. You are not required to take summer courses, and there is no minimum credit hour requirement; however if your cumulative GPA drops below 2.0, or you do not earn at least one credit hour, it will result in a probationary period.

10. **Can I use my scholarship to Study Abroad or participate in an Exchange Program?**
    Yes. You need to complete and submit the Study Abroad/Exchange Program Request form available on our website: [www.buffettscholarships.org/request-forms](http://www.buffettscholarships.org/request-forms).

    You are eligible to receive scholarship funds for Study Abroad or Exchange programs provided:

    - You will earn credits toward graduation while abroad,
    - The program is approved by your primary institution,
    - Tuition and fees are paid directly to the primary institution,
    - You are not on probation at the end of the term immediately prior to going abroad, and
    - You completed a “Request to Study Abroad” form prior to the deadline and received approval from the Foundation to use funding for study abroad. The deadlines to submit this form are as follows:
      - Fall term: August 1st
      - Spring term: December 1st
      - Summer term: April 1st

    You must successfully complete two terms with at least a 2.0 cumulative GPA at your primary institution in order to study abroad or participate in an exchange program. If you are making a request and have only completed one term, you will be required to submit additional information and your request will be reviewed on a case by case basis. If you started your Study Abroad/Exchange term before the previous term’s grades were reported, and you earned a cumulative GPA less than 2.0, the Foundation is not responsible for funding the Study Abroad/Exchange term. Any Learning Community requirements missed because of the Study Abroad/Exchange experience must be completed upon return.

11. **May I use my scholarship for CNA classes?**
    Yes. The scholarship can be used for any undergraduate CNA class(es).

Many UNMC programs are considered graduate or professional. If you are pursuing a graduate or professional program at UNMC, you will not be eligible to receive Buffett scholarship funds.
