The SSRP staff wishes to express its appreciation to our colleagues at the University of Nebraska at Omaha and the University of Nebraska-Lincoln for hosting our students on the research tour in May. We also are grateful to our friends at Central Nebraska Public Power and Irrigation District for hosting the students on the annual Platte River Tour in May.

The SSRP was established in 2002 with a grant from the NCUR/Lancy Program, and is now supported with University of Nebraska priority funds.

For more information about the SSRP, please call us at 308.865.8496, or visit us on the web at:
