UNK Honors Program
Mentoring Program Application

The Honors Program is seeking volunteers to support freshmen and other students new to the Honors Program. Mentors will be assigned in pairs to small groups, and will interact with incoming students by email in July and August. You will meet with your group in the first week of classes, plus one to two more times in the Fall Semester.

We place different expectations on Honors students, so to ensure their success it is important to provide appropriate support as they learn about the culture, resources, and policies of the Honors community of students. We are looking for mentors who represent the high standards of the Honors Program in terms of coursework, extra-curricular involvement, and commitment to community.

This is a selective volunteer position. Mentors will be expected to attend an orientation meeting in the week of April 18. To be eligible, you must a member of the UNK honors program, and have a 3.5 GPA or higher. Preference will be given to applicants who demonstrate an understanding of and commitment to the Honors Student community.

To apply, please complete the attached form and submit it to the Honors Office by April 1. Questions may be directed to:
