V. Ongoing Business: Transition to LOPERs GS Program

Reminder:

The Council approved a suggested timeline for course submissions. Since this will be a busy year, we want to try to manage the workload in reviewing new course submissions and applications to gain final approval for the courses that we provisionally approved for the LOPERs Program in April.

The suggested timeline is below:

- **October:** Courses proposed to meet LOPERs 2, 3, and 4
- **November:** Courses proposed to meet LOPERs 5 and 6
- **December:** Courses proposed to meet LOPERs 7 and 8
- **January:** Courses proposed to meet LOPERs 9, 10, or 11. (Including stand-alone courses for 9 and 10; courses proposed to double-count for 9 or 10 plus one of the broad knowledge categories (5-8) are requested to follow the schedule above.)
- **February:** Courses proposed to meet LOPER 1 (More guidance will be forthcoming on courses for this category)
- **March:** Last chance proposals to be considered this academic year (plus revised resubmissions)

Departments that are proposing to add a new course to the LOPERs Program, to propose a course to double-count for a broad knowledge category plus LOPER 9 or LOPER 10, or to move to a different LOPER category must follow the course submission instructions - all three parts.

Departments that are applying to gain final approval for a course that has been provisionally approved in a LOPER category need only submit a syllabus of record (Part 3), plus the departmental assurance statements. Provisional approval expires at the end of the 2020-21 academic year.
