Articulation Agreement

Effective Date: August 2018

INTRODUCTION

Central Community College and the University of Kearney hereby enter into an articulation agreement pursuant to the Central Community College Associate Science (AS) Information Technology Transfer Degree and the Bachelor of Science Degree in Applied Computer Science, College of Natural and Social Science at the University of Nebraska at Kearney.

The two institutions agree that if a student has been awarded the Information Technology Associate Science Degree from Central Community College then s/he:

- 1) Will be permitted to enter with a junior class standing in the Applied Computer Science program and will be able to transfer a maximum of 66 credits hours earned in the Information Technology Associate Science Degree given the following condition: Students must have earned a minimum of 58 credit hours and received a "C" or better for transfer courses.
- 2) Will be permitted to complete all additional University of Nebraska at Kearney courses set forth through program options in the undergraduate catalog in effect at the time of their matriculation at Central Community College, as long as the Associate Science Degree is earned within three years. Otherwise, the undergraduate catalog in effect at the time of the student's first registration for a UNK course determines degree and program requirements.*
- 3) Will be awarded the Bachelor of Science in Applied Computer Science degree from the College of Natural and Social Science at the University of Nebraska at Kearney upon the successful completion of all degree requirements.

The two institutions further agree to review the articulation agreement annually and if needed, update course information and degree requirements on or before February 15th of each year with changes effective for the following academic year.

*These are UNK requirements as specified on:
