*\*\*Note that in order to add an additional endorsement students register for another 2 credit hours of CSP 894 Internship II with assignments specific for those grade levels.*

## School Counseling +12 Students without Education Degree Track

The Nebraska Department of Education has approved a School Counseling +12 track which requires that students who do not hold an undergraduate education degree to complete 12 credit hours of teacher preparation courses. According to Rule 20, students who have not previously earned a teaching certificate must also complete a minimum of 12 additional credit hours of professional teacher education coursework. You are required to take TE 831 and TE 832 unless the certification officer has approved course substitutions.

Requirement	Course	Course substitution (if applicable)	Grade
Core curriculum design	TE 831 (6 cr.) <i>spring</i>		Spring 20
Lesson plan development	TE 831 (6 cr.) <i>spring</i>		
Classroom management strategies	TE 831 (6 cr.) <i>spring</i>		
Student assessment	TE 832 (6 cr.) <i>fall</i>		Fall 20
Differentiated instructional strategies	TE 832 (6 cr.) <i>fall</i>		
Praxis Core: R- W- M-			

TE 831 and TE 832 are by permit only. Send permit requests to Jenny Jansky, Certification Officer, at [JANSKYJL@UNK.EDU](mailto:JANSKYJL@UNK.EDU). Praxis Core is required before permits are issued for TE 832. *A second background check is needed in TE 831.*

### Provisional School Counselor Endorsement

#### With Nebraska Teaching Certificate:

If the student has a Nebraska teaching certificate, he/she would need to complete 50% of the School Counseling Master's Degree coursework to qualify for a provisional endorsement.

#### Without Nebraska Teaching Certificate:

If the student does not have a teaching certificate, he/she would need to complete 75% of the SC Master's Degree program (i.e., minimum 33 credit hours) and TE 831 (6 credit hours) to qualify for an alternative program teaching permit. **Internship Requirement**  
Students must have completed previous clinical sequence course work with grades of B or higher. The internship requirement in school counseling is four credit hours. Prior to enrolling in any internship hours, the student must meet with the UNK School Counseling Internship Coordinator to complete an Internship Application and Contract. Internship I (2 cr. hrs./250 clock hours) can begin upon completion of CSP 861P - School Counseling Organization and Practice and provides a broad overview of K-12 counseling and guidance programs. Designated activities will be approved by the UNK School Counseling Internship Coordinator and completed under the guidance of an in-school

supervisor at the elementary and secondary level. Internship II (2 cr. hrs./250 clock hours) can begin after CSP 885 - Practicum, has been completed. This internship experience is completed at the level of the endorsement sought (elementary or secondary) and 120 of the required 250 hours must be direct contact hours with students. If the student is seeking both the PK-6 and 7-12 endorsements, two Internship II experiences must be completed—one at the elementary level and one at the secondary level. All forms must be completed and submitted to the Internship Coordinator before a call number to register for credit will be given. The student must be registered for credit before any hours towards the internship can be accrued.
