Additional Information:

- Pursuing another endorsement in addition to German is strongly recommended to make you more marketable. By pursuing only a German endorsement, your student teaching placement can be delayed and/or extended. In extreme cases, you may even be required to relocate to fulfill your student teaching requirement.
- [Admission to Teacher Education](#), including successful completion of the Praxis Core exams, is required for those seeking Initial Certification. Visit ets.org for Nebraska testing requirements.
- The Praxis Subject Assessment test is required for certification in Nebraska for most endorsements. Visit ets.org for Nebraska testing requirements.
- The program information shown above is intended for general information and is subject to change. A transcript review/program of study provides an official list of classes required for the endorsement.
- Not all content classes are available on-line.
