We have received your 2022-23 Free Application for Federal Student Aid (FAFSA). You are receiving this form because either your FAFSA was selected for review in a process called “Verification” or you have indicated to this office that you rolled over an Individual Retirement Account (IRA) or Pension listed on your 2020 tax return. This form will be used to confirm the amount you rolled over in order to make sure it is not counted as available income in the FAFSA results. Any corrections made based on this documentation will be reported to you by the Federal Student Aid Center on an updated Student Aid Report.

The FAFSA indicates that you used the IRS Data Retrieval Tool on the FAFSA to upload tax information from the IRS. The uploaded data included a rolled over IRA or Pension from 2020. Please complete the following statement in order to verify the amount of the transaction that was rolled over.
