HAS YOUR ROOMING SITUATION CHANGED FOR FALL?

Roommate pairings can change in May after students are notified of placement in a Learning Community. Here is some helpful info to navigate the process.

ROOMMATE SEARCH TIPS:

Log in to your housing portal today to finish your roommate search. Students have until June 30th to search for a room and a roommate. In early July, Residence Life will make roommate assignments for any students without a roommate.

- Use our roommate search tools to find the roommate that is best for you. There are 3 ways to search for a roommate.
  - By details & key words – Honors, Athlete, Video Games…
  - By Profile – Interests, Habits, Preferences.
  - View Suggested Roommates – the Best Matches rise to the top.
- Don’t be too shy. Reach out to many potential roommates as they could become future friends.
- Consider options for future suitemates in CTE or CTW.
Don’t live with your mom’s best friend… YOU need to fill out your own profile and search for your roommate!

- This is not the movies or a ‘Friends’ sitcom. Have realistic expectations of a roommate.
- Best friends do not necessarily make for best roommates – expand horizons and keep your options open.
  - Check out their social media sites.
  - Meet up in person, or at least Skype - not just Snapchat.
- It’s only a year. You may end up as friends. Challenge yourself to communicate and embrace the experience!

WHEN CAN I SEE MY ROOM?
On your NSE day, a show room in Mantor, CTW, and Men’s Halls will be available to view. These three options provide a comparable view of your room.

WHAT WILL MY ADDRESS BE?
Each Residence Hall has its own address. Visit: unk.edu/housing > Housing Options > select 'Your Hall'

IT’S YOUR MOVE Visit unk.edu/welcome for great resources!
