

# CORNERSTONE IDEALS

The ideals of Cornerstone UNK include exemplary character, ethics, scholarship, service, and leadership in campus and community life, good standing within the academic and larger community, and fellowship with commitment to others.

Cornerstone UNK strives to accomplish these ideals through exploration, experience, and extension.

*Exploration* is done through learning opportunities about basic leadership skills and styles.

*Experience* occurs by interaction and networking on campus, in the community, and across the state with leaders, businesses, and organizations that can share valuable information and lessons.

*Extension* of leadership takes place by volunteering, serving, and sharing knowledge

# UNIVERSITY OF NEBRASKA AT KEARNEY CORNERSTONE UNK

*Experience  
Leadership!*

## Dear UNK Student,

---

Cornerstone UNK is a leadership organization that is less about traditional classroom interaction and more about experiential learning and personal interaction on and off campus with community and student leaders alike.

The group usually meets every other Wednesday from 4:00 p.m. to 5:00 p.m. Please allow for meeting from 3:30 to 5:30 for occasional travel to and from tour locations. Our meetings consist of business to be transacted, along with tours and leadership speakers. We travel to area businesses and service providers to discover how they work, why they do what they do, and what impact they have on the community and possibly the world. Students applying these experiences to their current and post UNK lives will see how they may be able to fit into such employment or volunteer opportunities.

At this time, we are looking for members to join Cornerstone UNK this semester. We would like you to seriously consider being a part of this organization. Applicants will be placed in a candidate pool for selection and will be notified if selected. There is a limited number of spots available, so act quickly on the chance to be in this prestigious group!
