

Clery Act

The Clery Act and Title IX work in tandem to ensure students are aware of possible threats on campus and equality is maintained between the sexes

Campuses are required to disclose violation information in an effort to provide safe environments and to make data available. This includes, but is not limited to:

- ✓ Stalking
- ✓ Dating Violence
- ✓ Sexual Harassment
- ✓ Liquor Violations
- ✓ Hate crimes
- ✓ Rape
- ✓ Assaults
- ✓ Robberies

How does a University report these items? First, incidents directly reported by victims and the police second?

What is a CSA?

- ✓ A CSA, or Campus Security Authority, includes anyone who has significant responsibilities for student and campus activities

This includes all individuals, paid or unpaid, such as

- ✓ Advisors
- ✓ Officers
- ✓ RAs
- ✓ Coaches
- ✓ Counselors
- ✓ A student who monitors building access

This may seem intimidating, but the simplest and most effective understanding is if you see an incident, encourage the individual harmed to report it. Your role in this instance is simply as a witness or supporting the person affected.

If they will not report the incident, inform them you are required to report it confidentially. While reporting to UNK Police Department, they will go over specifics about what you need to report

If you think something is an offense, always report it!
