Career Fair Booth Information:

The tables in the career event booths are 8’ long and 3’ wide. The booths are 10 wide and 6’ deep.

The career fair booth materials are owned and set up by the ID students. The Industrial Distribution department does not have tablecloths, so please bring your own. Companies will receive an interview schedule sheet in their packet. During the career fair the company representatives can fill out their interview schedules with the students’ names and times.

Below is what the interview booths will look like for the afternoon. Each room will have a sign on it representing which company occupies the space.

- Companies and students are responsible for setting up their own interviews, we do not assign them. Students will have a sheet with 15-to-30-minute blocks that they can fill in for interviews in the afternoon. The companies and students will start setting interview times during the actual ‘Career Fair’ portion of the event on Wednesday from 9:30am to noon as students make their way around to the booths. Then the interviews will occur that afternoon (from 1:30pm to 6:00pm). If you need more time, let us know and we will find/provide an interview room or space on Thursday morning.
